

Curling Club Hiversport Lëtzebuerg

Luxembourg, August 2015

Dear players & members of the Club,

It's a great pleasure and privilege to write you a few words as the new president of the Club. Still being a young member of the club for only four years, I have been at the committee with various functions over the last three years. I am energized about the future direction of our club, together with the other members of the committee, we activate our mission while stand by to our core values that are Friendship, Excellence, Pride, Community Spirit, Integrity & Enjoyment under the umbrella of the SPIRIT of CURLING.

A special thank goes to last season's presidents Jörg MOESER & Daniel KELLY who both succeeded to keep our ship in safe waters during sometimes heavy storms. The successful organization of last Coupe de l'Amitié is a nice credit to their leadership.

The new season is just around the corner and you might already have discovered that a lot of information is now online like the calendar category where a lot of interesting information about various activities can be found. This season training sessions will start already at 19h00 and will end with a common drink at Mario's place.

The membership is stagnating over the past few years but we still need to expand in order to keep individual costs at a reasonable level and with more players at the rinks we can increase the level and quality of the game. This will be our main focus this coming season therefore encourage your family and friends to come and discover curling. They may just like it as much as you do !

Despite a financially difficult year we managed to keep the membership fee at same attractive level than previous years.

I invite you to be part of another exciting season and please feel free to contact me or other committee members with your ideas, thoughts and projects. I look forward to working with you all and wishing you lots of fun and good stones.

Yours sincerely,

Marc Hansen

President
